

## END USER LICENSE AGREEMENT

Your use of Symbol Factory is governed by the following license agreement. Please read it carefully, particularly if you are planning to use Symbol Factory in a product that you will offer for off-the-shelf sale, whether that be over the Internet, through distribution, or other direct sales methods.

Please contact Software Toolbox if you have questions, need clarification, or wish to discuss OEM licensing of Symbol Factory.

By opening this package or clicking the OK button during presentation of this license at time of installation, you indicate that you have read this agreement and accept its terms and conditions. This is a legal agreement between you (the end user) and Reichard Software Corporation (Dublin, Ohio). If you do not agree to the terms of this Agreement, promptly return the disk package and accompanying items (including written materials) to the place where you obtained them for a full refund.

1. **GRANT OF LICENSE.** Reichard Software Corporation grants you, the end user, a non-exclusive license to (a) use the enclosed software on a single computer; (b) make one copy of the enclosed software for backup purposes. The software programs and other materials in this package are provided to you under the terms of this license agreement and are not sold to you. You own the media on which the software is recorded, but Reichard Software Corporation retains copyright, title, and ownership of the software itself.

2. **RUNTIME LICENSING.** RUNTIME shall mean a compiled software application in which the user, end-user, or customer cannot change the design, configuration, size, location, or arrangement of the images from this library. In a RUNTIME application, the user, end-user, or customer cannot select images from this library to be used in creating the application.

In general, there are no RUNTIME royalty fees for RUNTIME applications created using images from this image library, subject to the restrictions found in this license agreement. The intended purpose of royalty-free RUNTIME licensing is so that an individual end-user can use a reasonable number of images from this image library in creating a RUNTIME HMI ("Human Machine Interface") application. For example, if you include some of the Symbol Factory images in a Visual Basic application to depict your process, you do not need to pay royalty fees for compiled RUNTIME copies of the Visual Basic application that you distribute that contain the images embedded into the application.

The following uses are not allowed under this grant of RUNTIME license and will require a special OEM license:

1. You shall not distribute any portion of the image library in the set of binary CAT files installed by this product, nor shall you extract any portion of the images from the library and repackage them for distribution with another software product.

2. If you are the manufacturer of a commercially-available software package, you shall not include any images from this image library in your commercially-available software package.
3. You shall not provide a means for users to choose symbols from this library whether in native for or any other form and add them to your application at runtime.
4. You shall not create derivative software components such as ActiveX controls, Java Applets, or other components for commercial sale or for inclusion in a commercially available application such as a Human Machine Interface application.
5. You shall not distribute any of the raw files installed by this application with your application.
6. You shall not reverse engineer, extract, or otherwise repackage the files installed by this application for any purpose including the distributing a significant portion of the library with your application.

Special OEM licensing is available for situations that are not covered by this license. Please contact Software Toolbox Inc at [www.softwaretoolbox.com](http://www.softwaretoolbox.com) for information on OEM licensing of this product. If you have any doubts about whether your application fits into the scope of this RUNTIME LICENSING clause, it is your responsibility to contact us to discuss your situation and obtain verification that your intended use is covered.

3. TRANSFER OF LICENSE. You may transfer this software license to another party, provided that (a) That party agrees to accept the terms and conditions of this agreement; (b) You do not retain any copies of the program, whether in printed or machine-readable form; and (c) You transfer the whole license to this software. Sublicensing of this product in part or whole is not permitted.
4. NO OTHER RIGHTS. Except as stated above, this agreement does not grant you any rights to patents, copyrights, trade secrets, trade names, trademarks, or any rights, franchises of license with respect to the enclosed software and documentation. You may not modify, translate, disassemble, reverse engineer, or decompile the software, in whole or in part. Reichard Software Corporation reserves all rights not explicitly granted in this license agreement.
5. UPDATE POLICY. Reichard Software Corporation may create, from time to time, updated versions of the software. However, Reichard Software Corporation is under no obligation to provide updates free of charge.
6. SUPERCEDES PREVIOUS AGREEMENTS. If you are installing the software to upgrade an older version of the software, this license agreement SUPERCEDES any previous license agreements that may have been in effect when you purchased the license

of your older version of the software. If you do NOT agree with the terms of this current agreement you should NOT install this software and contact us immediately.

7. WARRANTY. Reichard Software Corporation warrants you that the storage media (i.e. floppy disks and/or compact disks) in this package will be free from defects in materials and workmanship for 90 days from the date of delivery to you.

8. LIMITATION OF WARRANTIES AND LIABILITY. EXCEPT FOR THE EXPRESS WARRANTY ABOVE, REICHARD SOFTWARE CORPORATION AND ITS AGENTS, INCLUDING SOFTWARE TOOLBOX INC. MAKE NO OTHER WARRANTIES WITH RESPECT TO THIS SOFTWARE, AND IS PROVIDED ON AN "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED. THE MAXIMUM LIABILITY ASSUMED BY REICHARD SOFTWARE CORPORATION AND ITS AGENTS, INCLUDING SOFTWARE TOOLBOX INC. IS THE PURCHASE PRICE OF THIS SOFTWARE. IN NO EVENT SHALL REICHARD SOFTWARE CORPORATION OR ITS AGENTS INCLUDING SOFTWARE TOOLBOX INC. BE LIABLE FOR ANY DAMAGES WHATSOEVER (INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF BUSINESS PROFITS, BUSINESS INTERRUPTION, LOSS OF BUSINESS INFORMATION, OR OTHER PECUNIARY LOSS) ARISING OUT OF THE USE OF OR INABILITY TO USE THIS SOFTWARE, EVEN IF REICHARD SOFTWARE CORPORATION OR ITS AGENTS INCLUDING SOFTWARE TOOLBOX INC. HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
